

Kalmar DFC 420 - 12 DFC 420-12

General features

Brand	Kalmar
Subcategory	Other container handlers
Construction year	2016
Hourmeter reading	5965
Condition	Used
General condition	Very good
Fuel	Diesel
CE marking	Yes

Kalmar DFC 420 - 12 DFC 420-12

Description

Capacity & Dimensions • Rated lifting capacity (COG 1200mm): 42ton • Centre of gravity: 1200mm • Total weight: 51.9ton • Total width: 4150mm • Construction height: 3725mm • Turning radius: 7.4m ✎ Performance • Lifting height: 5m • Travel speed: 23km/h (with load) / 26km/h (without load) • Lifting speed: 0.25m/s (with load) / 0.35m/s (without load) • Lowering speed with load: 0.4m/s / with load 0.25m/s • Max. gradeability: 79% Engine & transmission • Engine manufacturer: Volvo • Engine type: TAD1171VE • Engine power: 265kW • Displacement: 10.84l • Number of cylinders: 6 • Max torque: 1785Nm @ 2100rpm • Emission level: Euro IV • Transmission type: Type W (hydrostatic / mechanical)
