

Liebherr A918 Compact Litronic (2016 / 10900H)

General characteristics

Brand	Liebherr
Model	A918
Subcategory	Wheeled excavator
Year of construction	2016
Date of first registration	21-09-2016
Hours displayed	10996
Colour	Yellow
Condition	Used
General state	Very good
Fuel	Diesel
CE marking	Yes

Properties

Single weight	19.770kg
Cylinder capacity	4.580cc

Technical specifications

Drive	wheels
Assets	110kw

Description

Liebherr A 918 Compact Litronic – Year of manufacture 2016 – 10,989 hours – Tiltrotator – 1 bucket For sale: Liebherr A 918 Compact Litronic, manufactured in 2016, with 10,989 operating hours. This powerful yet compact wheeled excavator is equipped with a 110 kW Liebherr diesel engine, a hydraulic tiltrotator, a quick-coupler system, and one excavation bucket. With its compact tail swing, four-wheel drive, and hydraulic outriggers, this machine is ideally suited for earthmoving, road construction, sewer work, and operations in confined spaces. Technical Data Brand: Liebherr Model: A 918 Compact Litronic Year of manufacture: 2016 Operating hours: 10,989 hours Serial number / PIN: WLHZ1192CZK089599 Machine category: Mobile excavator Drive: 4x4 Engine manufacturer: Liebherr Engine model: D834 A7 Engine: 4-cylinder diesel engine Displacement: 4,580 cm³ Engine power: 110 kW / 150 hp Fuel: Diesel Maximum travel speed: 30 km/h Maximum permissible weight: 24,000 kg Permissible front axle load: 12,000 kg Permissible rear axle load: 12,000 kg Emission control system: Liebherr particulate filter Steering: Steering wheel Cab: Enclosed operator's cab Hydraulics and Equipment Hydraulic excavator boom Hydraulic tilt-rotator Hydraulic quick-coupler system Liebherr SWA 48 connection Auxiliary hydraulic lines Double-acting hydraulic functions Hydraulic dozer blade Hydraulic outriggers Four-wheel drive Tire configuration Work lights Joystick control Digital Liebherr control display Reversing camera Centralized lubrication system Radio Cab heating Comfortable operator's seat Attachments 1 excavator bucket, as shown in the photos Hydraulic tilt-rotator Hydraulic quick-coupler Technical specifications (approximate values) Operating weight (standard configuration): approx. 17,800 kg kg Maximum horizontal reach: approx. 8,700 mm Maximum digging depth: approx. 5,400 mm Breakout force: approx. 81 kN Standard tire size: 10.00-20 Transport dimensions (approximate) Length: 8,350 mm Width: 2,550 mm Height: 3,170 mm Transport dimensions and operating weight depend on the installed equipment and should be verified prior to transport. Features Year of manufacture: 2016 10,989 operating hours Powerful 110 kW Liebherr diesel engine Compact design with short tail swing Maximum travel speed: 30 km/h Hydraulic tilt-rotator Hydraulic quick-coupler system Includes 1 digging bucket Hydraulic outriggers Hydraulic dozer blade Central lubrication system Reversing camera Suitable for various earthmoving tasks Worldwide export available 2016 Liebherr A 918 Compact Litronic with 10,989 operating hours, hydraulic tilt-rotator, and 1 digging bucket. A versatile wheeled excavator for professional use.

Accessories

- All wheel drive
- Radio/Cd/Audio system
- Cabin
