Sennebogen 825E Material Handler (K14 Boom / 14.750 Hours / 2018)

General characteristics

Brand	Sennebogen
Subcategory	Material handler
Year of construction	2018
Hours displayed	14751
Colour	Blue
Condition	Used
General state	Very good
Fuel	Diesel
CE marking	Yes

Technical specifications

Drive	wheels

Description

Sennebogen 825 E mobile material handler with hydraulically elevating Maxcab and K14 boom for extended reach. This boom configuration provides a working reach of approximately 14 metres and is suitable for loading, unloading and sorting scrap metal, recycling materials and bulk goods. Make: Sennebogen Model: 825 E Configuration: wheeled mobile material handler Year of manufacture: 2018 Machine number: 825.0.3100 Operating hours: 14,749 hours Engine power: 129 kW / approximately 175 metric HP Colour: blue Boom configuration: K14 for extended reach Maximum reach with K14 configuration: approximately 14 metres* K14 main boom length: 8.5 metres* K14 material handling stick length: 5.8 metres* Hydraulic lines along boom and stick: fitted Engine: Cummins 6.7-litre diesel* Number of cylinders: 6, inline* Aspiration: turbocharged with intercooler* Fuel injection: direct injection* Cooling: water-cooled* Rated engine speed: 2,200 rpm* Electrical system: 24 V Undercarriage: mobile, two axles Drive: hydrostatic four-wheel drive* Tyres: twin-mounted Number of tyres: 8 Stabilisation: four hydraulic outriggers Upper carriage: 360° rotation Slewing speed: continuously variable up to approximately 8 rpm* Hydraulic system: load-sensing with variable-displacement pump* Maximum hydraulic working pressure: 350 bar* Maximum pump flow: 410 litres/minute* Automatic central lubrication: fitted AdBlue tank: fitted Cab: Sennebogen Maxcab Cab adjustment: hydraulically elevating Controls: twin joysticks Operator's seat: suspension seat with armrests and headrest Machine control and diagnostics: SENCON display Camera system: fitted, with two camera views on the monitor Radio: fitted Sunblind: fitted Exterior mirrors: fitted Operating weight of standard mobile configuration: approximately 28,800 kg* Fuel tank capacity: approximately 450 litres* Hydraulic tank capacity: approximately 310 litres*
